SUMMARY

Enthusiastic and detail-oriented Frontend Developer with a degree in Mathematics and Computer Science. Passionate about building responsive, accessible, and high-performance web interfaces. Experienced in Angular, Bootstrap, and JavaScript through hands-on projects and MEAN Stack training at NTI. Seeking a Frontend Developer role where I can contribute to innovative AI training projects and grow my technical skills

PROJECTS

Admin Dashboard System

- Developed a modern admin dashboard using Angular and TypeScript with reusable UI components
- Implemented responsive layouts optimized for performance across mobile and desktop devices
- Used modular architecture and clean code practices for maintainability

Jan 2026 – Present

E-Commerce Platform (MEAN Stack)

- Built a full-stack e-commerce application with Angular frontend and Node.js/Express backend
- Integrated REST APIs for product management, cart operations, and user authentication
- Applied responsive design using Bootstrap and CSS3 for seamless multi-device experience

Sep 2025 – Dec 2025

[Portfolio Website](#)

- Designed and deployed a responsive personal portfolio showcasing technical projects
- Implemented modern UI/UX practices with optimized loading and cross-browser compatibility
- Used HTML5, CSS3, JavaScript, and Bootstrap for clean, accessible interface

Jun 2025 – Aug 2025

EXPERIENCE

MEAN Stack Developer Trainee

- National Telecommunication Institute (NTI) | Zagazig, Egypt
- Built full-stack web applications using MongoDB, Express.js, Angular, and Node.js
- Translated design requirements into responsive, reusable UI components
- Collaborated with team members using Git/GitHub for version control and daily stand-ups

Mar 2026 – Present

SKILLS

- Languages: HTML5, CSS3, JavaScript, TypeScript, Python (basics)
- Frameworks/Libraries: Angular, Bootstrap, Node.js, Express.js
- Databases: MongoDB
- Tools: Git, GitHub, VS Code, Postman, Chrome DevTools
- Other Skills: Responsive Design, REST APIs, Unit Testing (basics), Problem Solving

EDUCATION

- B.Sc. in Mathematics and Computer Science
- Zagazig University | Zagazig, Egypt
- GPA: 3.5 / 5.0
- Relevant Courses: Data Structures, Web Development, Algorithms, Computer Networks, Operating Systems
- 2022 – 2026

CERTIFICATIONS

- MEAN Stack Web Development – NTI (In Progress)
- Python & Generative AI – ITI / NVIDIA DLI (Completed, Grade: 100%)
